

Natų vertės, kurios bus naudojamos ritminio pratimo metu

Ketvirtinė nata

Aštuntinė nata

Pusinė nata

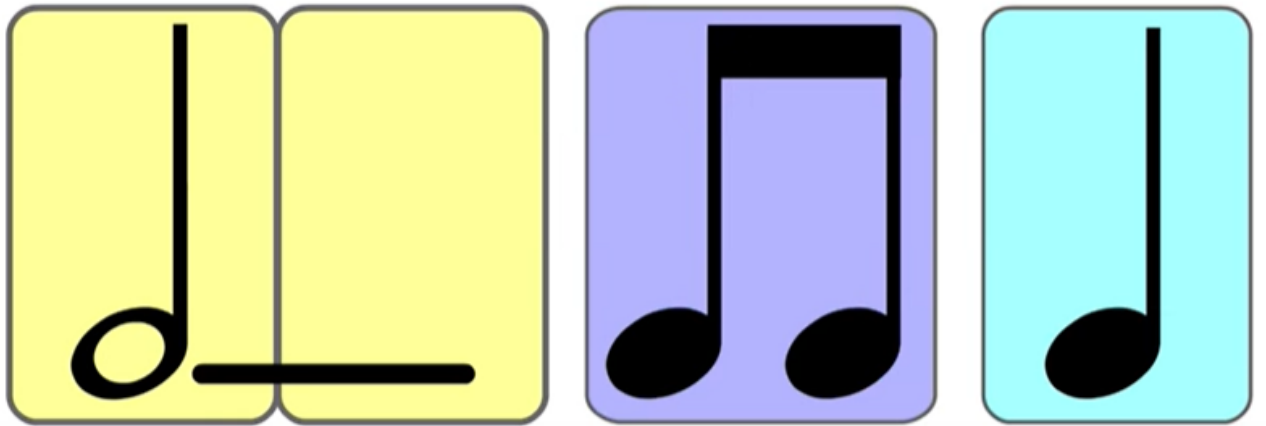

Ritminio pratimo pavyzdys: <https://www.youtube.com/watch?v=cHad-I5AJT0>

Užduotis: pagal duotą pavyzdį, suplokite septynis skirtingus ritmus ir įrašykite savo plojimą. Pratimui atlikti vietoje plojimų galite panaudoti ir namų buityje esančius daiktus: puodus, šaukštus ir panašiai. Tie, kas turite namie instrumentus, galite ritmus ir sugroti viena ta pačia nata. Taigi, būkite išradingi 😊

1.

2.

Exercise 2 consists of three rhythmic patterns. The first pattern is in a yellow box and shows a half note followed by a whole note. The second pattern is in a purple box and shows two eighth notes beamed together. The third pattern is in a cyan box and shows a quarter note.

To - e **Ti-Ti** **Ta**

3.

Exercise 3 consists of three rhythmic patterns. The first pattern is in a cyan box and shows a quarter note. The second pattern is in a purple box and shows two eighth notes beamed together. The third pattern is in a yellow box and shows a half note followed by a whole note.

Ta **Ti-Ti** **To - e**
