

Sausio 18 dienos pamoka

Apsipirkimo internetu privalumai ir trūkumai

Issue: Shopping online has become a major trend. This trend allows people to buy things in the comfort of their own homes at any time of the day. However, if people aren't careful, this could lead to shopping addiction and financial security risks.

Question: What do you think? Should consumers be encouraged to shop online?

For:
**Encouraging
ONLINE SHOPPING**

wide selection of products
cheaper prices
convenience
saves time

For:
**Discouraging
ONLINE SHOPPING**

- reduces security risks
- fewer unnecessary purchases
- can actually see product
- no extra shipping costs

The image shows two video player windows on a blue-to-orange gradient background. The top window, titled 'Watch clip 3', contains a list of true or false questions about Mr. Bean's dentist visit and a video player showing Mr. Bean in a dental chair. The bottom window, titled 'Watch clip 2', shows a video player with Mr. Bean in a waiting room talking to a receptionist. The video player windows have a dark blue border and a play button in the center.
